

The ViewRanger Search and Rescue Program delivers free national mapping agency topographic maps to members of Search & Rescue teams across the world. These maps are for use in conjunction with the free ViewRanger GPS software application, which can be downloaded from many app stores.

What you get through the VSAR programme:

- Detailed maps for your search and rescue area for use offline on the ViewRanger app on smartphones and tablets (Android and iOS, not Windows) – see list below
- In certain countries: Access to detailed map data on laptops/PCs/etc via the <http://my.viewranger.com> website (these have * on list below)
- Discounts on other ViewRanger maps

What you don't get:

- Mobile phone handsets. You need to source your own compatible (Android and iOS) phone handsets or tablets.

What you agree to in return:

- To use ViewRanger and provide feedback on ViewRanger and its use within your search and rescue organisation
- That ViewRanger can reference your organisation in its marketing materials and on its website, and put your organisation's logo on the search and rescue partners page of the ViewRanger website
- To supply free mapping licenses only to bona fide members of your organisation

Maps available to bona fide search and rescue teams:

- **Austria:** Kompass mapping data in 1:50,000 scale *
- **Belgium:** IGN-Belgique mapping data in scales 1:10,000 to 100,000

* Maps with asterisks are also viewable online on the my.viewranger portal (<http://my.viewranger.com>). Those do not have an asterisk, are not.

If your organisation is based in a country not listed above, or you are not sure whether your organisation qualifies under the licenses and organisations listed above, then please contact us.

What you need to do to get on the VSAR program:

- Complete the License Request Form and have this form signed by an authorised officer of your organisation.
- Don't forget to indicate how many software licenses you need right now. You can request further licenses at any time. (Each team member only needs one licence because each account can have up to four devices associated with it.)
- Return the form to Augmentra by email (russell@viewranger.com), fax (+44 (0)1223 421 355), or post.
- If it is the first time that your organisation has requested ViewRanger licenses, you will also need to submit an electronic copy of your organisation logo and a detailed description of your operational area (see form).

Restrictions:

Augmentra Ltd reserves the right to refuse any license request without specific reason, but particularly if it believes that licenses are being provided to non-members or that the scheme is being abused in any way. Augmentra reserves the right to terminate the Program at any time and to request that all free licenses obtained by an organisation are ceased to be used.

LICENSE REQUEST FORM

Please complete, sign, scan and return the following two-page form by email, to russell@viewranger.com, or by post, to Augmentra Ltd, St John's Innovation Centre, Cowley Rd, Cambridge, CB4 0WS, UK
